**Nottingham
City Council**

Breastfeeding Friendly

Nottingham City Council and Nottingham CityCare Partnership launched a scheme to encourage businesses and venues within Nottingham City to sign up to being 'Breastfeeding Friendly' as part of action to provide a more welcoming and positive environment for breastfeeding mothers.

A business cannot discriminate against mothers who are breastfeeding a child of any age.

The Equality Act 2010 has specifically clarified that it is unlawful for a business to discriminate against a woman because she is breastfeeding a child.

Businesses that sign up to being Breastfeeding Friendly will be asked to adopt a positive Breastfeeding Friendly approach, including providing a welcoming, clean and comfortable environment for breastfeeding mums, and to ensure all staff are supportive of their needs. Venues taking part will display window and till stickers letting people know they are welcome to breastfeed, as well as posters and leaflets offering more support and information.

Mums that want to find breastfeeding Friendly venues, or businesses wanting to register to be Breastfeeding Friendly can contact

breastfeeding.friendly@nottinghamcitycare.nhs.uk or **0115 8834900**

What facilities are available at Breastfeeding Friendly Venues?

All Breastfeeding Friendly venues should:

- Allow Breastfeeding in all public areas.
- Provide a welcoming environment for breastfeeding mums.
- Have adopted a Breastfeeding Friendly Policy.
- Ensure all their staff are positive towards and supportive of breastfeeding mums.
- In the event of a customer complaint, explain why it is important to support breastfeeding mums and invite the customer to move to another area, not mum and baby.
- Offer an acceptable standard of cleanliness, warmth and comfortable seating.
- Display window and till stickers to let customers know they are Breastfeeding Friendly.
- Display 'Be a Star' campaign posters and leaflets to let customers know why they are Breastfeeding Friendly.

Some venues provide a room for mums to breastfeed in private (if they wish to). It may be a designated room or an available room at the time. Not all premises have the space and resources available to provide a separate breastfeeding room.

If a room is provided it should be:

- Clean
- Comfortable
- Have a chair
- Near to (but not in) a baby changing area or toilet.

Some venues may go the extra mile and provide, a footrest, a cushion, access to water, a wide enough doorway to allow access with a pushchair.
